P. Mackie
E.Stobie
N. Greschuk
K.McKeown

Clr. G. Laing, Clr. I. James & Clr. A. Jarvis

Member of the public:

Apologies: D. Ross

Opening Remarks by Chairman:

The Chairman welcomed along Clr. G. Laing, Clr. I. James & Clr. A. Jarvis and all members of the public for attending the 40th Annual General meeting.

Minutes of AGM 2017:

These were signed by the Chairman and Second by E. Stobie.

Chairman's Report:

The Stanley and District Community Council (CC) have been actively involved in many projects this year and we will continue to reflect the views of the community which we represent. We actively liaise with other community groups, organisations and the local authority, and will continue to express the views and aspirations of the community.

We have been successful in many areas, in obtaining funding from CJ Laing/Spar Scotland to purchase and install a defibrillator in the village, and have gained their support for future ventures. We also thank Perth & Kinross Council first aid team for defibrillator training which was offered to the community and was well attended.

The Community Council also applied for and received a grant from Scottish and Southern Energy to upgrade the fire alarm in the village hall. The grant was presented by the Community Council to the village hall committee.

Phase1 of the Strathord Park Development is now complete and by liaising closely with the developer Muir Homes, the impact on the community from the development was greatly reduced, and issues were quickly resolved.

The proposed planning application to locate a telephone mast base station installation at the square in the village was successfully opposed, and drew one of largest number of objections made in recent years.
The CC recognises that there is a need for better mobile reception in the village and will continue to work with any developer towards finding a suitable location.

Meetings have also been held with Historic Environment Scotland to try and find an agreeable solution for the use of the East Range Buildings at Stanley Mills for the benefit of the community and as a location for the Men's Shed Group. The proposal put forward by the CC is for a cookery school, café and training/gallery room in one building and the Men's Shed Group to be located in the adjacent building these talks are now reaching what we hope is soon to be a successful conclusion.

We thank the Officers of Police Scotland for their continuous hard work and help they have given over the last year in and around Stanley and in keeping the Community Council abreast of their operations. A consultation process is being undertaken by Police Scotland on police offices which are being considered for closure, this includes the Stanley Police Office. The Community Council will do everything it can to try and retain the police station in the village.

I also thank my fellow Community Councilor's for their diligence and the support they have given and last but not least many thanks to members of the community who have supported us over the past year.

As your Community Council we have a duty to act in the interests of the local community, and to reflect their views on any issue, irrespective of personal opinion. We will continue to represent the community in this way without bias or favour to the best of our ability.

We are still on the lookout for two new members to join the Community Council.

Presentation of audited accounts:

These were presented to the meeting and approved.
